

Gross Mendelsohn's Technology Specialist Publishes Article in *Baltimore Business Journal*

For immediate release: July 7, 2010

Baltimore, MD – Bill Walter, MCP, MCSE, published an article called “Your company’s computer data might not be safe from disasters” in the June 25, 2010 issue of the *Baltimore Business Journal*. The article offers business owners and managers suggestions for effective data backup and disaster planning. The complete article is available at <http://www.gma-cpa.com/resources/IsYourComputerDataSafe.pdf>.

Walter, a senior network engineer in Gross Mendelsohn’s Technology Solutions Group, specializes in disaster planning, data recovery, data migration, network security, email solutions, Internet connectivity and remote access. He is a Microsoft Certified Professional and a Microsoft Certified Systems Engineer.

Gross Mendelsohn is a full-service CPA and consulting firm serving the complete financial needs of privately-held businesses, nonprofit organizations and families in the Mid-Atlantic region. In addition to offering traditional audit, accounting and tax services, the firm specializes in personal financial planning, litigation support, asset management, business valuation and technology consulting.
